

# Teah

**SENIOR BUSINESS SUPPORT OFFICER  
EXECUTIVE SERVICES**

## What do you do in your position

I support the Water Resources division through effective budget and financial management, business operations, and project coordination, helping ensure that work progresses smoothly and efficiently. This allows our technical staff to focus on delivering essential water programs that benefit the community.

## What qualifications or skills do you need for your position

Degree in Finance or Business, or similar relevant tertiary qualification relevant to the key duties and responsibilities.

## Highlight or achievement

Managing the finances for the Water Resources division has been a significant achievement for me. It's a responsibility I've grown into, and I take pride in supporting the team behind the scenes. During my time with Water Resources, I've learned so much about the Territory's unique waterways, groundwater and surface water systems, bores, riverways, and the hard work that goes into managing them — it's given me a strong appreciation for the vital role water plays in our communities.

## What do you love about working in the Territory

I love the Territory for its natural beauty and the lifestyle it offers. Travelling, camping, and being in remote areas of the NT are some of my favourite things to do - there's no shortage of incredible places to explore here. I enjoy spending my time outdoors and feel lucky to live and work in a place with such unique and stunning landscapes.

## Words of wisdom

*In a world where you  
can be anything, be kind.*
