KT	Kathleen Thomsen	Member, Aboriginal	Apology
PG	Phillip Goodman	Member, Aboriginal	Apology
PhY	Phillip Yates	Member, Aboriginal	Non-attendance
PY	Petrina Yates	Member, Aboriginal	Non-attendance

## 1. Meeting opening and attendance

Meeting commenced at 3:00pm.

## 2. Matters for noting and discussion

### 2.1 Modelling

At the 5th Adelaide River Water Advisory Committee meeting on 27 and 28 May, the committee requested an out-of-session meeting to further understand the modelling results presented. The committee requested having the Departmental of Lands Planning and Environment modellers at the meeting to answer any questions. The out-of-session meeting was held on 18 June in Palmerston.

The department subject-matter-experts presented on the modelling, including providing a simplified fact sheet for the committee. Time was available for questions from the committee to further understand the modelling results.

The committee agreed the modelling is very complex and were appreciative of the presentation and discussion on the modelling.

The committee agreed another out-of-session meeting would be suitable to communicate/discuss the Northern Land Council Cultural Values report, which was expected to be complete in the coming months.

#### Closing comments

PH thanked everyone for their contribution.

**Meeting closed at 5:00pm**
