# Message from the Chairperson

**2017-18 was a notable year for the Heritage Council. At the end of September 2017, the terms of appointment for those members appointed by the previous Government expired.**

A new Council was appointed by the Minister, with three-year terms extended to all Council Members. This brought many new faces to the Council, whilst some 'old hands' like myself were retained. I had the great privilege of being reappointed as the Chairperson of the Council, for which I am very grateful.

There has been an emphasis this year in not necessarily expanding the Heritage Register, but on dealing with the management of those places already on the Register. For the first time in many years, there were no new additions to the Register, but the Council was kept very busy dealing with more than the usual number of Applications to Carry Out Work, which required additional 'out of session' meetings to deal with some of these matters.

The Council also gave consideration to some key strategic issues, including possible amendments to the *Heritage Act*, and new policies and procedures.

The Council met in Alice Springs in September 2017. We had the pleasure of being able to drive along the newly sealed 'inner loop' west of Alice Springs. This took us to Owen Springs Station, Hermannsburg, the Tyler Pass Lookout, and a very enjoyable lunch at the Glen Helen Resort, before returning to Alice Springs.

There was an element of concern expressed by Council members over the condition of the historic buildings within the Hermannsburg Historic Precinct. This concern was alleviated by the news announced a couple of months later by the Minister that \$600 000 in funding was being directed towards much-needed conservation work at the Precinct. The Council (and many other stakeholders) were even more excited when, in February 2018, the Minister announced a further \$3M in funding which will be utilised to ensure that the Hermannsburg Historic Precinct cements its place as a cornerstone attraction for the West McDonnell region. The Council thanks and congratulates the Government on this initiative.

Perhaps the highlight of the year was the opportunity for the Northern Territory to host the first ever meeting of the 'Heritage Chairs and Officials of Australia and New Zealand' group in Darwin. 'We did the Territory proud' in hosting an event which all of those who attended found extremely enjoyable and productive.

I am excited to confirm that history was made at the Conference, when it was formally recognised and agreed that the membership of the group should be expanded to include Indigenous representatives from every jurisdiction. The Conference Forum unanimously agreed to work together to share a comprehensive Australian heritage story that includes the voices of Indigenous people.

MR WAYNE KRAFT

# The *Heritage Act* and the role of Council

The object of the *Heritage Act* is to provide for the conservation of the Northern Territory's cultural and natural heritage.

- (e) to advise the Minister about the carrying out of work on a heritage place or object and to decide applications for work approvals other than applications for major work;

- (g) to facilitate public education and programs about the Territory's cultural and natural heritage;
- (h) to advise the Minister on financial incentives or concessions for heritage agreements (either in general or on particular agreements);
